

RURAL & SAFETY NET HEALTH FACILITIES IN ARIZONA

Lead: Bryna Koch, DrPH
GIS: Susan Coates
Design: Ann Garn

About This Map

This map aims to inform the efforts of the AzCRH and our rural health partners. The AzCRH definition of a rural and safety net facility include those designated by federal health policy to meet the needs of rural and underserved populations. These facilities often have specific geographic, population service, and clinical services requirements. This list is not exhaustive of all health facilities in Arizona.

The facilities included are:

- Critical Access Hospitals (including Indian Health Service and Tribal Operated)
 - Federally Qualified Health Centers
 - Rural Health Clinics (CAH affiliated and independent)
 - Indian Health Service & Tribal Operated Hospitals and Clinics
 - Urban Indian Health Centers
- More information about this map can be found on our website.

- Critical Access Hospital (CAH)
- Critical Access + IHS Hospital
- CAH + Tribal Operated (PL 638)
- Indian Health Services (IHS)
- Urban Indian Health Centers
- CAH Affiliated Rural Health Clinics
- Independent RHCs
- Tribal Operated (PL 638)
- Federally Qualified Health Centers
- N Apache County Special Healthcare District
